

# Logan and Gold Coast Faster Rail

## Edens Landing station

Edens Landing

Concept only. Subject to change.

**The Logan and Gold Coast Faster Rail project will double the number of tracks between Kuraby and Beenleigh and connect growing communities with more frequent and reliable train services.**

## Overview

**November 2023**

Edens Landing station is being upgraded to improve accessibility, safety and customer experience.

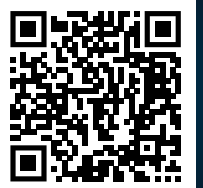

The upgraded station will feature a range of improvements to make travel easier. A new pedestrian overpass connected by lifts and stairs will help people move safely across the rail corridor and access the platforms.

Straightened and raised platforms will be constructed to reduce the gap between the platform and trains, and new park 'n' ride facilities will include accessible car parks.

This station upgrade will be designed and constructed in compliance with the *Disability Discrimination Act (1992)* to provide and improve accessibility for all users.

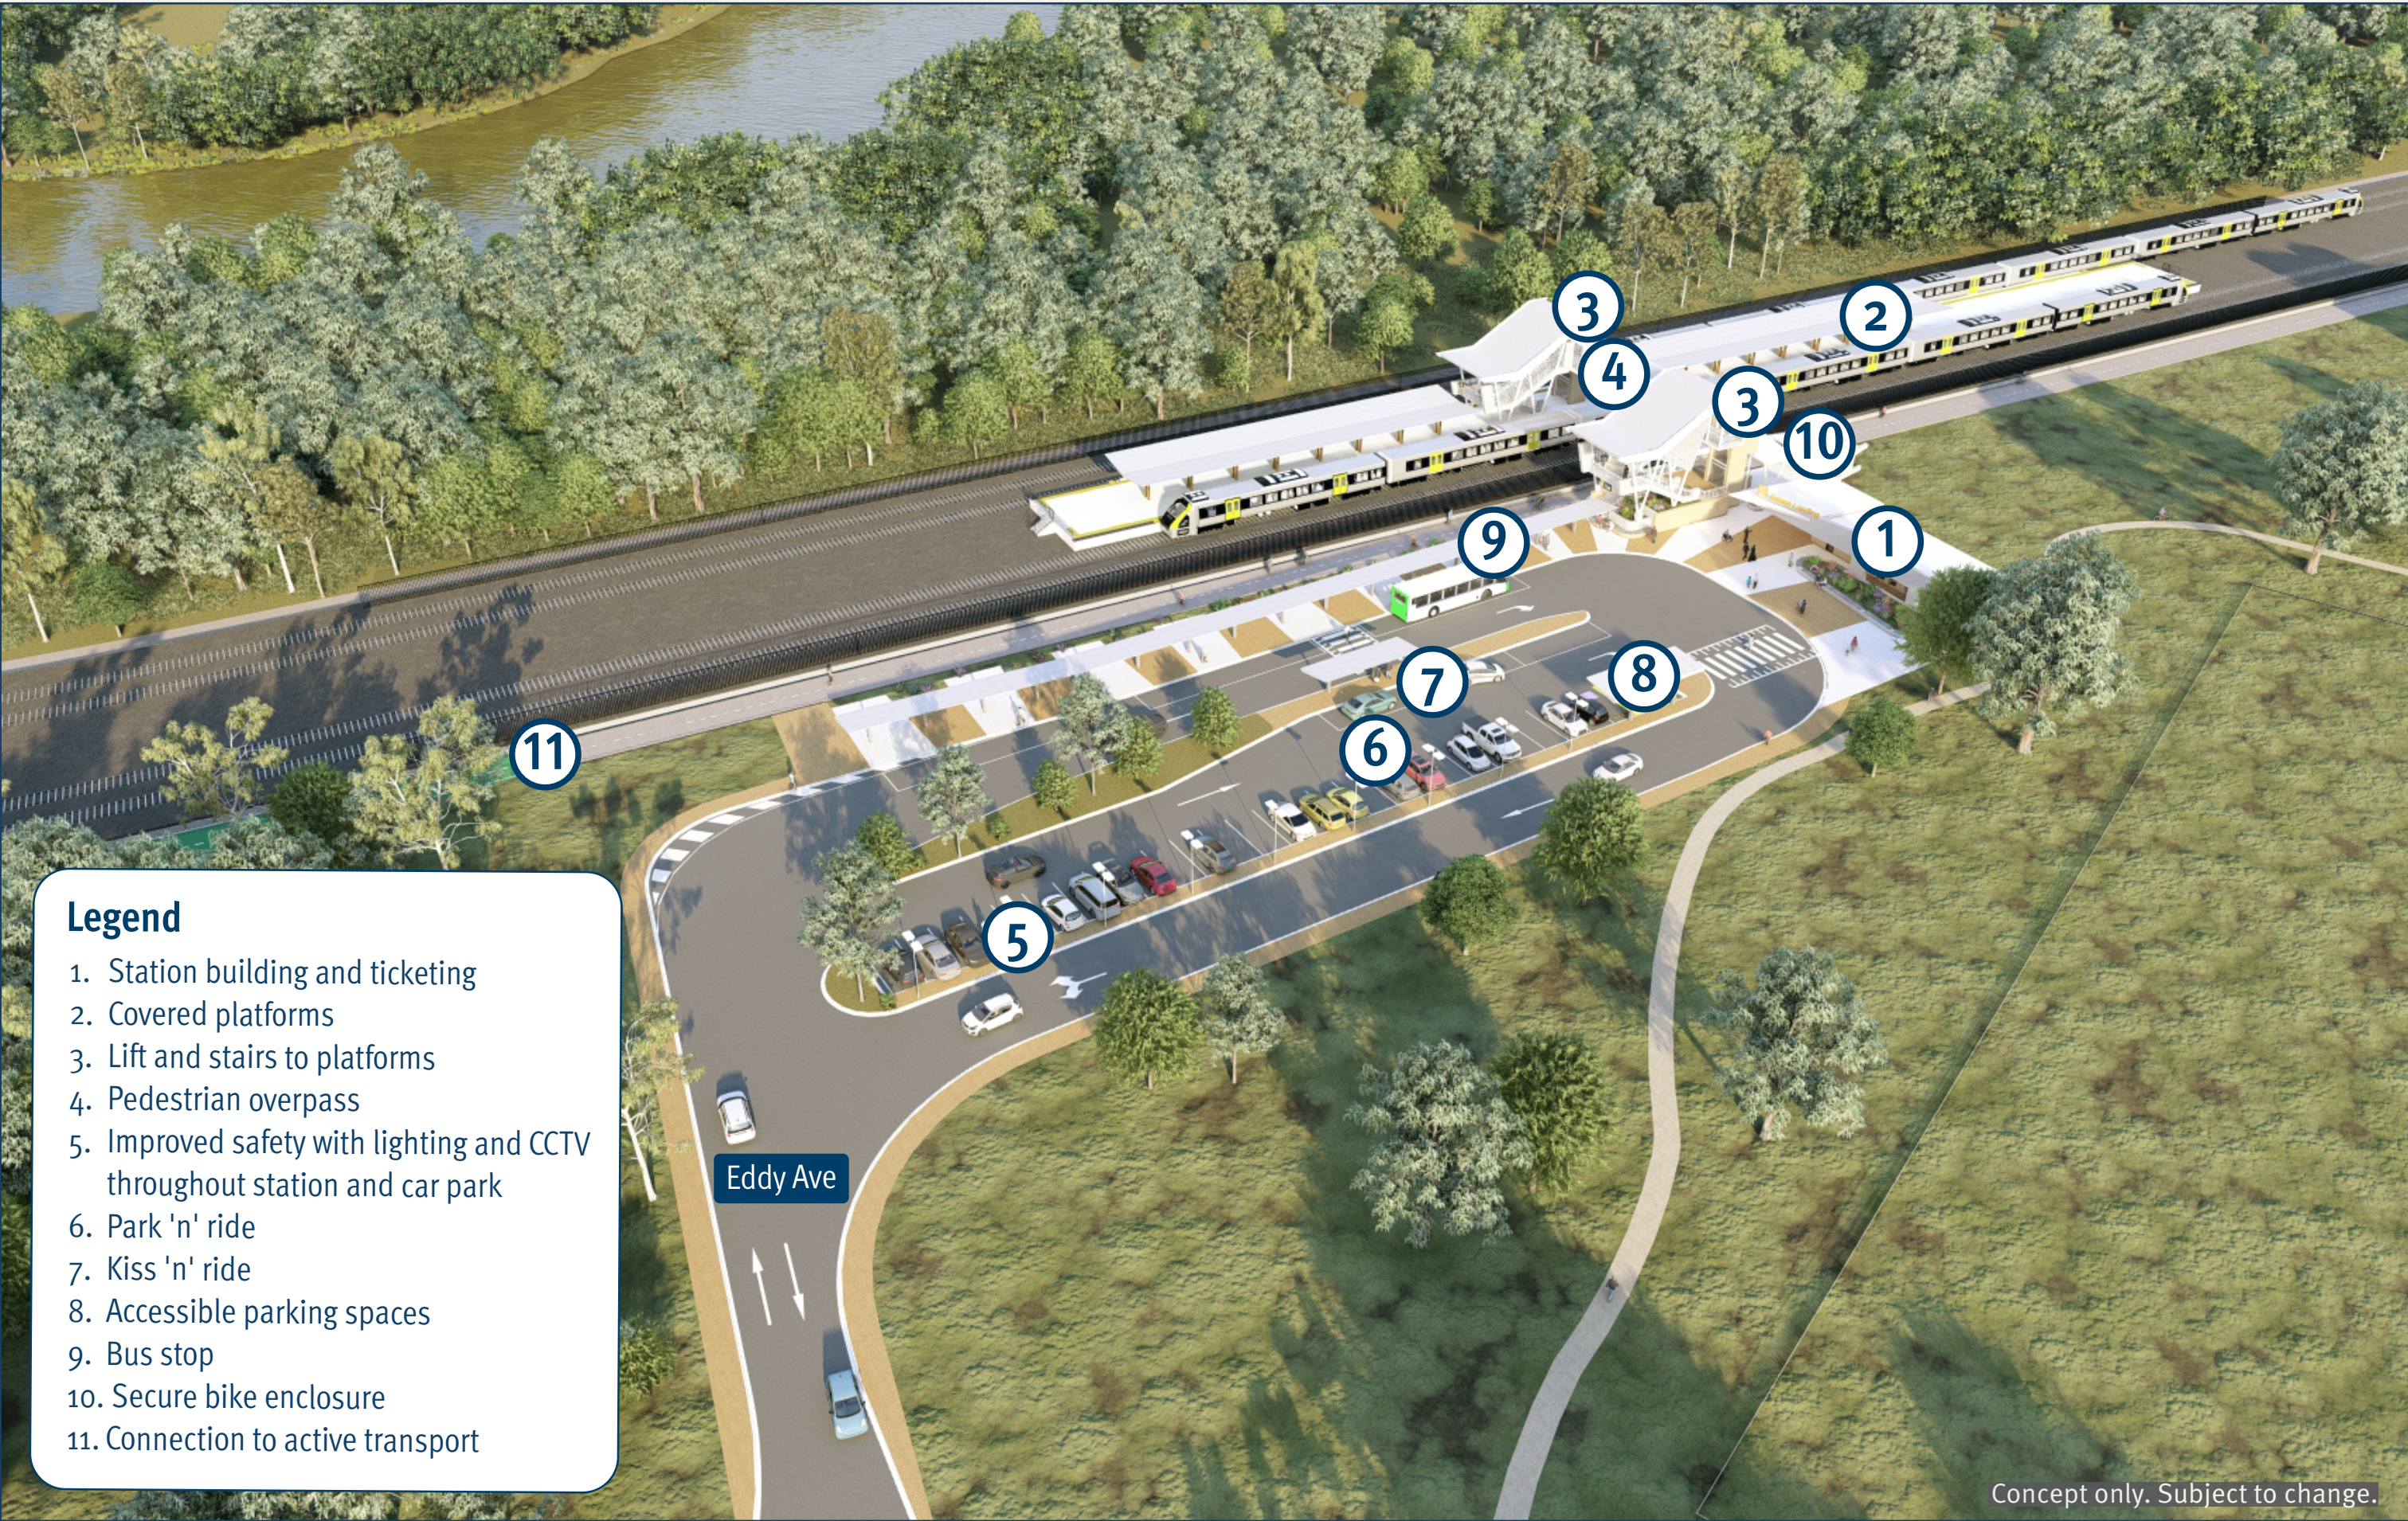

## Have your say

Scan the QR code or visit the online engagement hub at [tmr.qld.gov.au/logangoldcoastrail](https://tmr.qld.gov.au/logangoldcoastrail) to have your say and find out about community drop-in sessions.

# Edens Landing station proposed layout

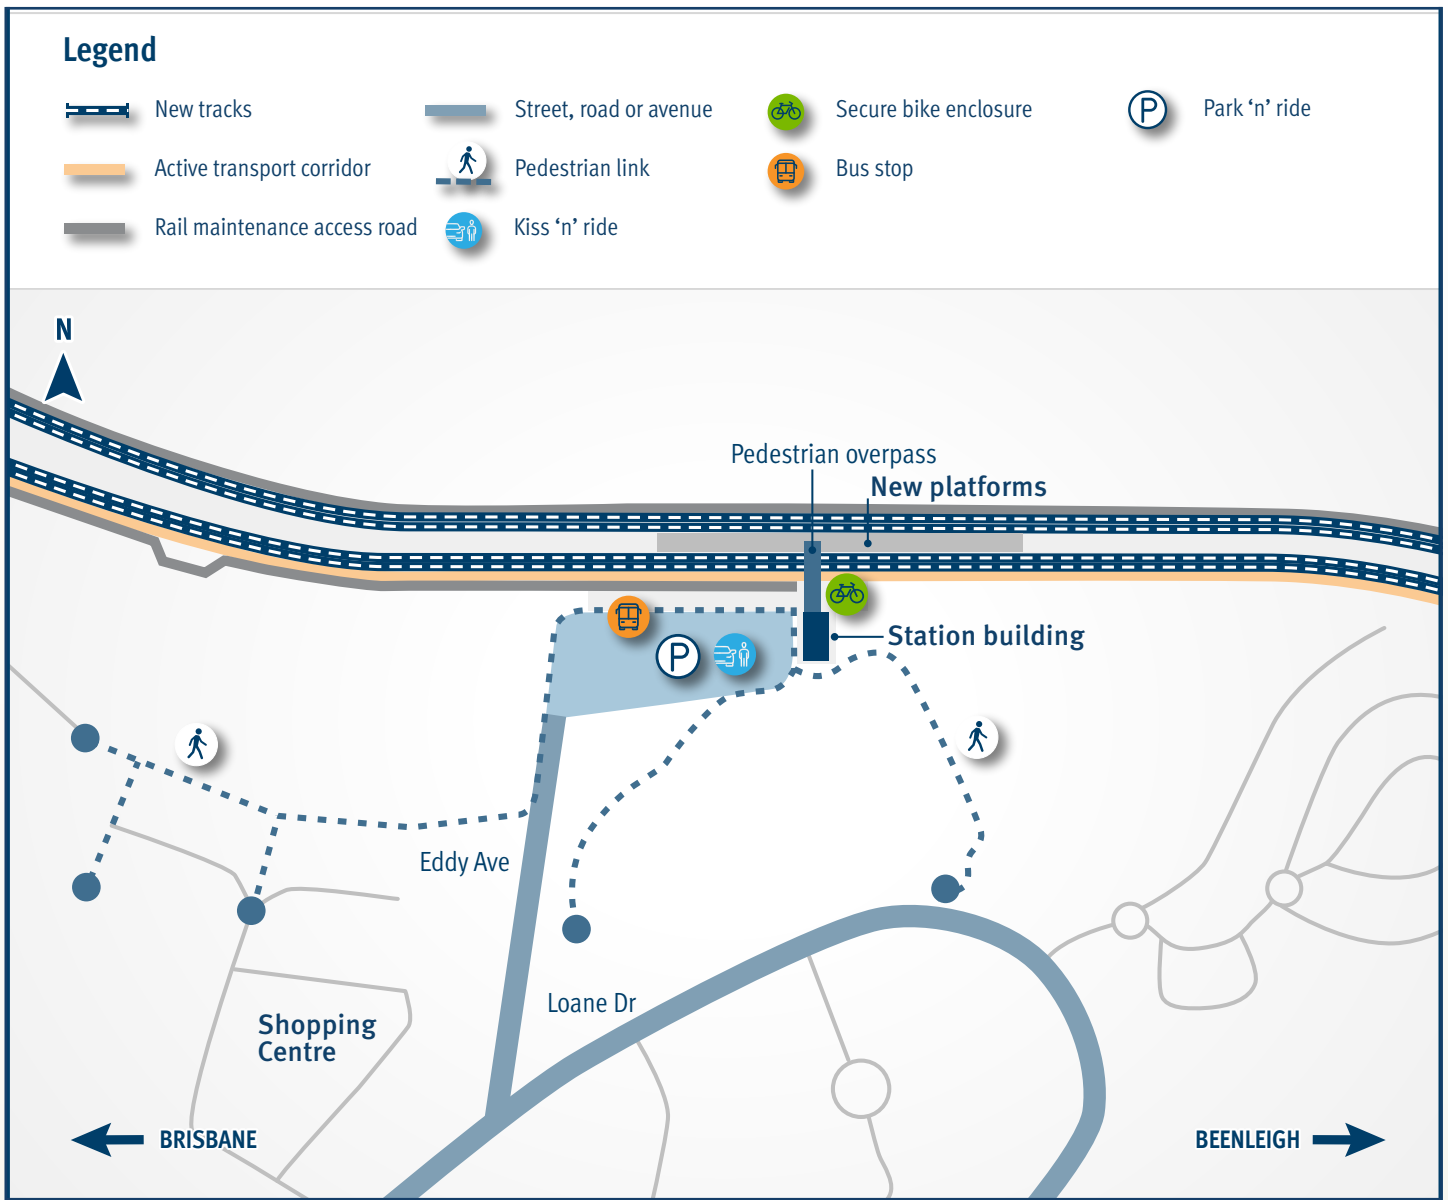

## Legend

- 1. Station building and ticketing
- 2. Covered platforms
- 3. Lift and stairs to platforms
- 4. Pedestrian overpass
- 5. Improved safety with lighting and CCTV throughout station and car park
- 6. Park 'n' ride
- 7. Kiss 'n' ride
- 8. Accessible parking spaces
- 9. Bus stop
- 10. Secure bike enclosure
- 11. Connection to active transport

Concept only. Subject to change.
