Department of Transport and Main Roads

# Cleveland–Redland Bay Road Upgrade

## Anita Street to Magnolia Parade

### Community update

May 2024

May 2021

## Overview

**Department of Transport and Main Roads (TMR) is upgrading Cleveland–Redland Bay Road to improve safety and efficiency.**

Cleveland–Redland Bay Road is one of South East Queensland’s busiest corridors. Currently there are on average around 25,000 vehicles per day using this corridor.

TMR is committed to delivering priority infrastructure projects for this corridor including:

## Anita Street intersection upgrade

Under construction, on track for completion by mid 2021, construction and weather conditions permitting.

**Widening the corridor from two to four lanes from Anita Street to Magnolia Parade.**

In planning phase with community consultation now commencing on the preliminary design.

**Further planning underway to identify next priority sections for upgrade.**

## Benefits

**Cleveland–Redland Bay Road upgrade benefits include:**

- improved safety
- increased capacity
- improved network efficiency
- increased traffic flow
- reduced peak hour congestion
- reduced interchange queuing
- reduced travel times
- active transport improvements
- better road access.
